STATUS REPORT

Pursuant to the Court’s May 29, 2014 Minute Order, the CIA hereby submits this status report to provide a proposed completion date for processing of 1) the CIA’s Response to the Senate Select Committee on Intelligence (“SSCI”) Report concerning the CIA’s former rendition, detention and interrogation (“RDI”) program (“CIA Response”); and 2) what plaintiffs refer to as the “Panetta Report,” an alleged report by the CIA concerning its former detention and interrogation program commissioned by former CIA Director Leon Panetta, which was referred to by Senator Mark Udall on December 17, 2013, during the confirmation hearing for CIA General Counsel nominee Caroline Diane Krass. As set forth in prior filings, the processing of these records is directly affected by the declassification review process currently underway for the executive summary, findings, and conclusions of the SSCI Report, submitted for declassification by SSCI on April 7, 2014.

The Executive Branch is continuing to conduct an expeditious declassification review of the executive summary, findings, and conclusions of the SSCI Report. The line-by-line review

of the over 500 pages of highly classified material is a labor-intensive process, and the CIA and other agencies have already devoted thousands of person-hours to this effort. Based on the current status of the declassification process, as well as the Agency's expectations as to the time for coordination with other agencies, implementation of security measures to ensure the safety of U.S. personnel and facilities overseas, and submission of the declassified version to SSCI, the CIA proposes no later than August 29, 2014 for the completion date for the processing of the CIA Response and the so-called Panetta Report.

Dated: June 20, 2014

Respectfully submitted,
